Date: 2 April 2025

Time: 1:15PM – 2:15PM

Location: Online Teams Meeting

Client/Supervisor: Kamal Mammadov

Attendees: Hermanto

Ze Kai Chong

Jiali Gu

Tiantian Wang

Haoyu Zhang

1. Summary of Previous Meeting

We created a draft video of our pitch presentation and received some feedback from our supervisor during the Wednesday client meeting. The key areas for improvement are:

- Speaker transitions between each presenter need to be smoother.
- Each team member should appear on camera during their part.
- Each speaker's name should be displayed alongside them.

After receiving the feedback, some group members re-recorded their parts accordingly.

2. Progress showcase

According to the supervisor's suggestion, we completed the revision of the pitch presentation video and uploaded it to YouTube. This week, supervisor played the official pitch presentation video, and asked questions about the content of each person's speech. From the result, we completed the pitch presentation perfectly.

This week we made the draft of the Business Case, where Jiali Gu discusses the project scope. HaoYu Zhang provided some benefits of the project. Mohon explained the context of the project and their beneficiaries. Hermanto made two milestone tables, the first one is about Core Tower Defense Mechanics, and the second one is about Quantum Mechanics Layer. ZeKai Chong is responsible for showing Team organization, roles, risk etc. TianTian Wang is responsible for the management and coordination of the entire document.

3. Team Member Roles

The team has established a collaborative structure with distributed responsibilities for upcoming Business Case for our game:

- **Jiali Gu:**
 - Demonstrate a good description of what the project is about
- **Haoyu Zhang:**
 - Describe a good motivation of this project
- **Mohon Dash Tanu:**
 - Describe a clear context in the business case
- **Hermanto:**
 - Describe Milestone as a well-selected goal with clearly broken-down activities listed in an organized manner
- **Ze Kai Chong:**
 - Present the team's organization, roles, risks, and other related aspects
- **Tiantian Wang:**
 - Manage and coordinate the entire document

4. Collaborative Responsibilities

Project management tasks will be rotated among team members, including:

- Creating meeting minutes
- Organizing weekly check-ins
- Progress tracking

5. Next Steps

- We will further develop the game logic in the sixth week.
- Modify and integrate the business case based on the client's feedback in Google doc and submit the assignment before Sunday.
- Merge the slides of the pitch presentation and upload to GitHub Document File.
